

COMPANY OVERVIEW

MonTek LLC is a Virginia-based technology consulting company that brings enterprise-grade engineering experience to complex application, integration, cloud and data challenges for government programs, prime contractors and enterprise teams.

We focus on practical engineering that reduces technical complexity, improves interoperability and supports reliable delivery. MonTek's leadership brings more than 17 years of professional experience across complex enterprise technology environments.

CORE COMPETENCIES

Application Engineering & Modernization

Modernize legacy applications and build maintainable services with modern APIs, automated testing and reliable deployment practices.

[Java](#) · [Spring Boot](#) · [Microservices](#) · [REST APIs](#) · [Test automation](#)

API Development & Systems Integration

Connect legacy applications, enterprise platforms and external providers through documented interfaces and secure exchange workflows.

[REST](#) · [Messaging](#) · [Authentication & authorization](#) · [Data validation](#)

Cloud & Platform Modernization

Move applications toward scalable cloud-native architectures, containerized services and automated delivery pipelines.

[AWS](#) · [Containers](#) · [CI/CD](#) · [Migration support](#)

Data Engineering & Analytics

Improve the movement, quality and reporting of information across applications and enterprise systems.

[Data migration](#) · [Transformation](#) · [Reconciliation](#) · [Reporting integration](#)

Software Quality & Technical Delivery

Support engineering teams with test automation, deployment validation, documentation and operational handover.

DIFFERENTIATORS

- **Engineering-led delivery:** hands-on architecture, development, testing and implementation.
- **Focused expertise:** applications, integration, cloud platforms and data.
- **Flexible engagement:** scoped technical work, specialized engineering needs and prime-contractor teaming.
- **Certified small business:** Virginia SBSD Small, Micro and Minority-Owned.
